Ronda Design
sfida il pensiero convenzionale
ridisegnando le regole dell'arredo

Ronda design challenges
conventional thinking
by redesigning the rules of furnishing

“ Il prodotto Ronda Design è l’espressione dei valori che contraddistinguono l’azienda: passione, innovazione, know-how ”

G.C. art director

Ronda Design’s products are built on the company’s distinguishing values: passion, innovation and know-how.

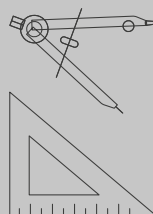

Passione e creatività, uniti alla profonda esperienza tecnica dei propri fondatori, fanno di **Ronda Design** un incubatore eccezionale di idee innovative e soluzioni tecniche uniche e all’avanguardia. Il sistema di arredo magnetico è senza dubbio la creazione più distintiva dell’azienda, un progetto in continua evoluzione che trova applicazione sia nell’ambiente domestico che in quello commerciale e lavorativo. La flessibilità e la dinamicità delle pareti magnetiche permette di superare i limiti delle comuni soluzioni d’arredo e apre la strada alla creatività di ogni singolo utilizzatore. Le pareti magnetiche rendono unico e funzionale ogni ambiente della casa, dalla cucina al soggiorno, dalla camera da letto alla cabina armadio, dall’ingresso al bagno. La profonda conoscenza dei metalli, guadagnata con mezzo secolo di attività nella produzione di arredo in acciaio inossidabile, si manifesta altresì nella vasta gamma di complementi d’arredo per la zona living. Librerie, tavoli e sedie, lampade e altri piccoli complementi che per design e finiture permettono di realizzare insieme alle pareti magnetiche un ambiente unico e coordinato.

Passion and creativity, combined with the technical experience of its founders, make **Ronda Design** excel as a company and have led to exceptional innovative ideas and unique cutting-edge technical solutions. Its magnetic wall system is undoubtedly the most distinctive creation from the company and is constantly evolving to produce even better products that work in both the home and commercial spaces. The flexibility of the magnetic walls allows customers to overcome common restrictions of other furniture products and allows the customer to become the designer and create a wall that is perfect and unique to them. They make every room truly unique and functional, from the kitchen to the living room, the bedroom to the walk-in wardrobe, hallway to the bathroom. The team also has a wealth of experience in the metal industry and therefore in addition, **Ronda Design** also creates numerous furnishings that complement its magnetic wall system, including bookcases, tables and chairs, lamps as well as other small accessories.

Componibilità illimitata per la massima flessibilità.
I prodotti Ronda Design sono stati studiati per essere combinabili tra di loro in modo semplice e dinamico. Pareti magnetiche e complementi seguono una stessa linea di pensiero e permettono quindi di realizzare interni dal design originale ed elegante. Il sistema magnetico ha la flessibilità nel proprio DNA e permette di creare soluzioni personalizzate che rispondono alle esigenze di ogni singolo individuo. E se domani le esigenze dovessero cambiare... basta un tocco per riorganizzare la parete in modo totalmente nuovo e originale.

Unlimited modularity for maximum flexibility.
Ronda Design’s products have been designed to work alongside each other in a simple and dynamic way. Magnetic walls and accessories follow the same line of thought: to create original and stylish interiors. Flexibility is in the DNA of the magnetic system, which allows customers to easily move accessories and completely customize the wall to suit their individual needs. What if tomorrow you decide you want a new look, then you can simply rearrange the wall to create a new perfect layout.

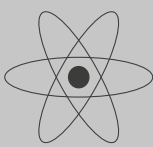

Soluzioni su misura per ogni esigenza.
Ronda Design è sempre al fianco dell’arredatore per soddisfare ogni sua esigenza. Il sistema magnetico e la vasta gamma di misure e finiture a catalogo permettono di realizzare un numero illimitato di soluzioni, e, se le specifiche esigenze di arredo lo richiedessero, il team di Ronda Design è sempre pronto a realizzare prodotti personalizzati per disegno, dimensioni e finiture.

Tailor-made solutions for every need.
Ronda Design have a dedicated team of in-house interior designers, ready to satisfy your every need. The magnetic wall system comes in a wide range of standard sizes and finishes, but if an alternative is needed, their interior designers can help create bespoke designs, made to the customers specifications.

Sistema magnetico brevettato.
Ronda Design nasce dall’idea che il mondo dell’arredo ha bisogno di soluzioni flessibili e dinamiche che si adattino alle esigenze in continua evoluzione di ogni utilizzatore. Anni di studio e ricerca applicata hanno portato l’azienda a sviluppare numerose soluzioni progettuali basate sul magnetismo. Magnetika è oggi un marchio registrato ed è l’espressione di una vasta gamma di soluzioni basate sul sistema magnetico brevettato dall’azienda.

Patented magnetic system.
Ronda Design was created with the idea that the furniture world needs flexible and dynamic solutions that adapt to the ever-changing needs of each user. Years of study and applied research have led the company to develop numerous design solutions based on magnetism. Magnetika is a registered trademark and is the name given to their collection of magnetic wall system products, a system that is patented by Ronda Design.

Passione per la sperimentazione.
Ogni giorno il team di sviluppo di Ronda Design sprigiona la propria creatività per mantenere la propria unicità e distinguersi nel mondo dell’arredo. Senza sosta elabora nuove idee, studia e sperimenta nuove soluzioni tecniche per rendere l’arredo sempre più funzionale e innovativo. Passione e creatività sono l’anima e la forza di Ronda Design.

Passion for experimentation.
Every day the Ronda Design development team is working to create fresh innovative ideas to maintain its uniqueness and stand out in the world of furniture. They are constantly developing new ideas, studying, and experimenting with new technical solutions to make their products even better. Passion and creativity are the soul and strength of Ronda Design.

Sistema magnetico

MAGNETIKA È UN NUOVO MODO DI ARREDARE, UNA SOLUZIONE SEMPLICE ED INTELLIGENTE PER RISPONDERE AD ESIGENZE E GUSTI DI UN PUBBLICO IN CONTINUA EVOLUZIONE. IL SISTEMA MAGNETICO PERMETTE DI ARREDARE UNA PARETE SFRUTTANDO QUATTRO TEMI MOLTO CARI AL PROGETTISTA: UNA VASTA GAMMA DI MATERIALI E FINITURE PER ARRICCHIRE L'AMBIENTE, ACCESSORI MAGNETICI FUNZIONALI E DIVERTENTI PER DARE UNICITÀ E DINAMICITÀ ALLA COMPOSIZIONE, ELEMENTI CONTENITIVI PER CUSTODIRE GLI OGGETTI PIÙ CARI ED INFINE SOLUZIONI LUMINOSE PER CREARE LA GIUSTA ATMOSFERA.

MAGNETIKA IS A NEW WAY OF FURNISHING, A SIMPLE AND SMART SOLUTION TO MEET THE NEEDS AND TASTES OF A CONSTANTLY EVOLVING WORLD. THE MAGNETIC SYSTEM ALLOWS THE INTERIOR DESIGNER TO FURNISH A WALL USING FOUR BASIC PRINCIPLES: A WIDE RANGE OF MATERIALS AND FINISHES TO ENRICH THE ENVIRONMENT, A VARIED CHOICE OF FUNCTIONAL AND FUN MAGNETIC ACCESSORIES TO CREATE A UNIQUE AND DYNAMIC COMPOSITION, STORAGE SOLUTIONS AND A SERIES OF ILLUMINATED ACCESSORIES TO CREATE THE RIGHT ATMOSPHERE.

Magnetic system

Pannelli _ Panels

La parete del sistema magnetico è un elemento fondamentale della composizione, sia dal punto di vista funzionale che estetico. Il metallo è il materiale di riferimento e si presenta in una vasta gamma di finiture, dal ferro naturale alle finiture brunate. La boiserie può inoltre essere rivestita con un sottile strato di materiale diverso, pur mantenendo la propria capacità di attrarre le mensole magnetiche: dal legno al vetro, dalla ceramica effetto marmo allo specchio, ogni stile trova la sua parete magnetica ideale!

The wall paneling is the fundamental element of the magnetic composition, both functionally and aesthetically. The panels are made from metal and come in a wide range of finishes, from natural iron to burnished finishes. The panels can also be covered with a thin layer of different materials, while maintaining their ability to attract magnetic shelves: from wood to glass, from marble-effect ceramics to mirrors, every style finds its ideal magnetic wall!

Accessori _ Accessories

Gli accessori magnetici sono la vera essenza di Magnetika, lo strumento principale che permette ad ognuno di liberare la propria creatività realizzando composizioni che rispondano perfettamente alle proprie esigenze e preferenze. Non solo mensole, ma portabottiglie, specchi, appendiabiti, lampade e accessori vari, con una portata parametrata alla dimensione di appoggio per sostenere in tutta sicurezza anche gli oggetti più preziosi. Il sistema magnetico Ronda Design è studiato per avere un'elevata tenuta, una durata permanente ed una schermatura delle onde magnetiche per evitare ogni interferenza con apparecchi sensibili al magnetismo.

The magnetic accessories are the true essence of Magnetika, the elements that allow customers to be the designer and create compositions that perfectly meet their needs and preferences. In addition to shelves there is a selection of bottle holders, mirrors, coat hangers, lamps and various accessories, with a load capacity parameterized to the size of the accessory, to safely support even the most precious objects. Ronda Design's magnetic system is designed to have a high capacity, permanent duration and shielding of magnetic waves to avoid any interference with devices sensitive to magnetism.

Contenitori _ Cabinets

La nuova collezione di elementi pensili, perfettamente integrabile alla composizione di pannelli del sistema magnetico, rende ancora più funzionale la parete. Contenitori a giorno, vetrinette e madie componibili e sospese si affiancano quindi alla collezione di accessori magnetici, rispondendo alla duplice esigenza di sostenere elevati carichi e di fare ordine e facilitare la pulizia.

The new collection of wall units, which can be perfectly integrated into the wall paneling composition, makes walls even more functional. Open storage units, display cabinets, modular and suspended sideboards complement the collection of magnetic accessories, responding to the dual need to support heavier items and offer effective storage.

Illuminazione _ Lighting

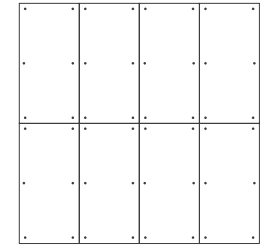

Non si può parlare di arredo senza pensare all'atmosfera che solo un sistema ben pensato di illuminazione può generare. La luce diventa quindi un elemento fondamentale per progettare la parete magnetica. Che si tratti di un fascio di luce integrato ai pannelli oppure di una lampada magnetica liberamente posizionabile sulla boiserie, la luce contribuisce a creare un ambiente unico e accogliente, funzionale e decorativo. La tecnologia led comune a tutti gli elementi luminosi Ronda Design, permette di contenere i consumi e facilitarne la manutenzione.

We cannot talk about furnishing without thinking about the feel that only a well thought out lighting system can create. Lighting becomes a fundamental element to create a finely finished look. Whether it is a beam of light integrated into the panels, or a magnetic lamp that can be freely positioned onto the wall paneling, the light helps to create a unique and welcoming, functional and decorative environment. The led technology, common to all Ronda Design's lighting products, is energy efficient and maintenance free.

Composition 37
L 4500 H 2400 P 20 mm

Boiserie composta da pannelli in metallo e pannelli rivestiti in ceramica o specchio. Mensole e accessori bagno magnetici componibili. Finiture: ottone e nero Marquinia.

Wall metal paneling composed of metal elements and ceramics or mirror coated panels. Magnetic shelves and modular bathroom accessories. Finishes: brass and black Marquinia.

Volée
Appendino magnetico. Magnetic hanger.

Glax
Mensola magnetica in vetro. Glass magnetic shelf.

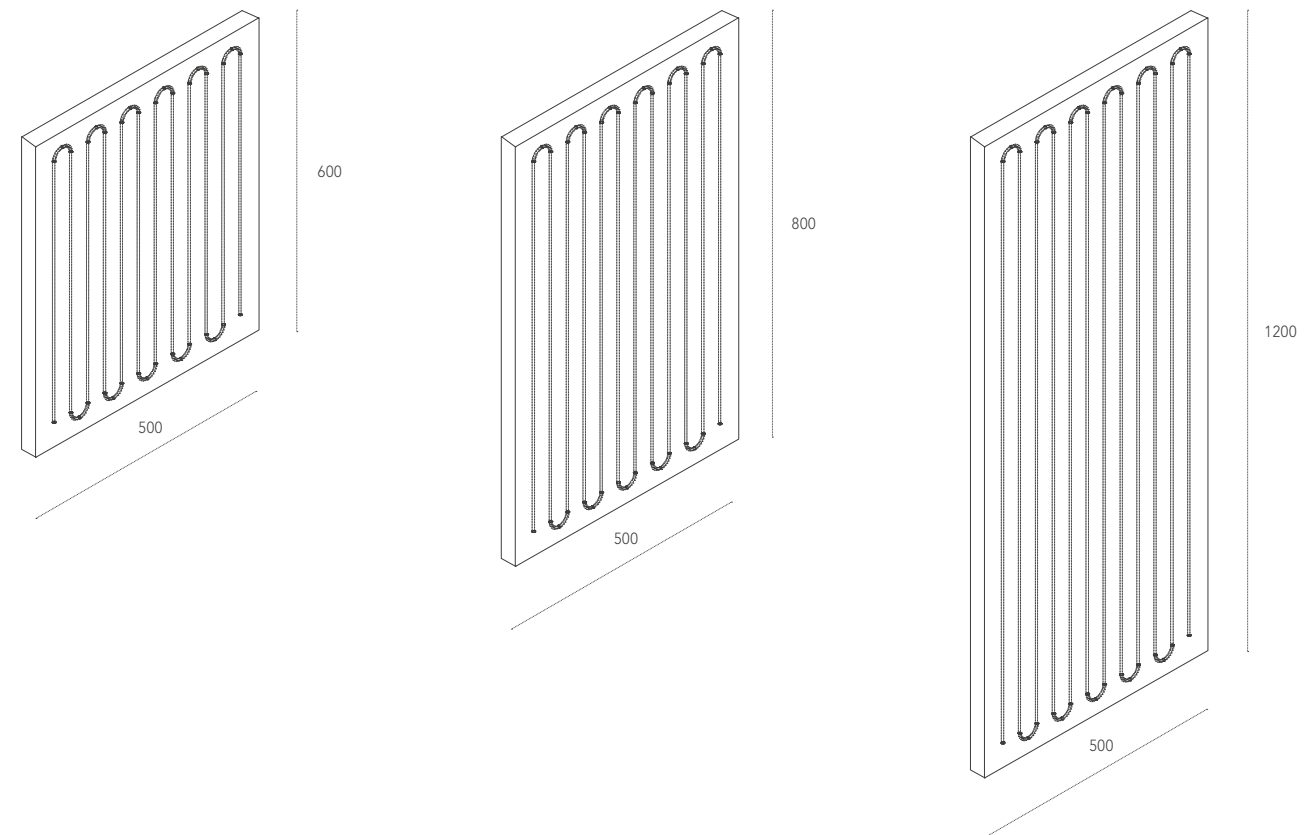

Caddy Warm App

Pannello riscaldante in metallo, utilizzabile singolarmente oppure all'interno di una composizione di pannelli Caddy. Superficie idonea all'applicazione di accessori magnetici di tipo 1.0. Temperatura massima 60 °C. Alimentazione elettrica a 220 V. Integrabile al sistema di riscaldamento centralizzato.

Metal heating panel, to be mounted individually or within a composition of Caddy panels. Its surface is suitable for the application of magnetic accessories type 1.0. Maximum temperature 60 °C. 220 V power supply. Can be integrated into the central heating system.

Dimensioni _ Dimensions
P 20 mm

Bain design: Studio 28

Accessori bagno magnetici modulari. Combinando la struttura in metallo con i diversi ripiani ed i contenitori in ceramica, il porta salviette si trasforma in mensola, porta rotoli, porta-gioie e porta-spazzolini.

Magnetic modular bathroom accessories. By combining the metal structure with the different shelves and ceramic containers, the towel rack turns into a shelf, a toilet paper holder, a jewellery holder and a toothbrush holder.

Flat

01
Parete in muratura, legno o cartongesso.
Brickwall, wooden wall or plasterboard.

02
