se la nebbia svanisse
al centro delle parole
e l'occhio balzasse
oltre le montagne
se facce di mercanti
sprofondassero in riflessi
di vetri frantumati
fili e focchi luccicanti
un suono nel bosco
sveglierebbe nascosti amori
oh se la nebbia sparisse
e sgorgasse luce
liberazione d'angeli
sepolti tra mille scorie

Sofa. 3 Posti. 3 Seater.
Sofa. Moduli. Modules.

Disegnata da Favaretto&Partners, la collezione Petalus comprende poltrona e divano modulare, imbottiti e completamente sfoderabili. Il progetto si distingue per il caratteristico bracciolo a forma di petalo, da cui prende il nome, e per le sue proporzioni ampie e affusolate. La poltrona, con la sua silhouette leggermente sollevata alle estremità, trasmette morbidezza e leggerezza trasformando la seduta in un gesto avvolgente di relax. Il divano modulare riprende lo stesso linguaggio, con elementi lineari e angolari componibili che enfatizzano il senso di accoglienza.

Designed by Favaretto&Partners, the Petalus collection comprises an armchair and a modular sofa, both upholstered and fully removable. The collection is defined by its distinctive petal-shaped armrest, from which it takes its name, and by generous yet refined proportions. The armchair, with a silhouette that subtly lifts at the ends, conveys a sense of softness and lightness, turning seating into an enveloping gesture of relaxation. The modular sofa reflects the same design language, featuring linear and corner elements that can be freely combined to enhance a feeling of comfort and hospitality.

Stadium. By Favaretto&Partners

Sedia Dining. Dining Chair.
Poltroncina Dining. Dining Armchair.
Poltrona Lounge. Lounge Armchair.

La collezione Stadium, progettata da Favaretto&Partners, comprende sedia, poltroncina e poltrona lounge, tutte con struttura in massello di frassino e seduta imbottita che valorizzano l'artigianalità Potocco. Protagonista è lo schienale che disegna una curva ellittica in continuità con i braccioli, evocando il gesto di un abbraccio. La seduta dialoga con lo schienale per offrire versatilità e comfort. La poltrona lounge, con le sue proporzioni ampie, accentua la presenza materica e la fluidità della silhouette.

Designed by Favaretto&Partners, the Stadium collection includes a dining chair and armchair, and lounge armchair, all featuring a solid ash wood frame and an upholstered seat that highlights Potocco's artisanal craftsmanship. At the forefront is the backrest, which traces an elliptical curve seamlessly extending into the armrests, evoking the gesture of an embrace. The seat interacts harmoniously with the backrest to ensure versatility and comfort, while the lounge armchair, with its generous proportions, emphasizes the material presence and fluidity of the silhouette.

Stadium Cane.

By Favaretto&Partners

Sedia Dining. Dining Chair.
Poltroncina Dining. Dining Armchair.
Poltrona Lounge. Lounge Armchair.

La collezione di sedute Stadium, disegnata da Favaretto&Partners, si amplia con la versione Cane introducendo lo schienale con inserto in canna naturale. La struttura in massello di frassino valorizza la qualità artigianale del legno e crea un segno continuo e armonico, dove la curva dello schienale accompagna i braccioli in un gesto fluido. La trama leggera della canna intrecciata genera un raffinato contrasto tra rigore costruttivo e trasparenza visiva, mentre la seduta imbottita completa la composizione offrendo un'esperienza sensoriale di comfort.

The Stadium seating collection, designed by Favaretto&Partners, expands with the Cane version, introducing a backrest featuring a natural cane insert. The solid ash wood frame enhances its artisanal quality, creating a continuous and harmonious silhouette where the curvature of the backrest flows seamlessly into the armrests. The lightweight woven cane texture establishes a refined contrast between structural precision and visual transparency, while the upholstered seat completes the composition, offering a sensorial experience of comfort.

Velvet.

By Mario Ferrarini

Sedia Dining. Dining Chair.
Poltroncina Dining. Dining Armchair.

Firmata da Mario Ferrarini, Velvet è una collezione composta da sedia e poltroncina dining che coniuga minimalismo compositivo e raffinata attenzione al dettaglio. La struttura, realizzata in massello di frassino, si distingue per il disegno dinamico delle gambe. Da una sezione affusolata si aprono in una morbida bombatura per poi assottigliarsi nuovamente lanciando la silhouette. Lo schienale imbottito è caratterizzato da una conformazione ampia e fortemente avvolgente, studiata per garantire comfort ergonomico e continuità formale.

Designed by Mario Ferrarini, Velvet is a collection of dining chairs and armchairs that combines compositional minimalism with refined attention to detail. Crafted from solid ash, the structure is distinguished by the dynamic design of the legs, which transition from a tapered section to a soft curvature before narrowing again, elongating the silhouette. The upholstered backrest features a wide, enveloping profile, conceived to ensure ergonomic comfort and formal continuity.

La madia Canyons, disegnata da Studio Omi Tahara per Potocco, è un sistema modulare composto da elementi di diverse forme e larghezze. La struttura è realizzata in frassino con ante disponibili in frassino, laccate o impiallacciate in decorativo radica. La composizione dei moduli consente configurazioni flessibili, pensate per adattarsi con naturalezza allo spazio. Il concept nasce da una riflessione su forma e percezione: come in un canyon, le superfici inclinate generano variazioni di profondità e un ritmo visivo dinamico.

Designed by Studio Omi Tahara for Potocco, the Canyons sideboard is a modular system composed of elements in different shapes and widths. The structure is crafted from ash, with doors available in ash wood, lacquered finishes, or veneered with decorative burl wood. The composition of the modules allows for flexible configurations, conceived to adapt naturally to a variety of spaces. The concept stems from a reflection on form and perception: much like a canyon, the inclined surfaces create subtle variations in depth, generating a dynamic visual rhythm.

Eline.

By Architect & Friends

Poltroncina Dining. Dining Armchair.

Disegnata da Architect & Friends per Potocco, la poltroncina Eline si distingue per la struttura in legno che definisce con continuità gambe e braccioli, accogliendo una seduta ampia con schienale e seduta interamente imbottiti. Il design si distingue per la cura dei dettagli: il bracciolo richiama la linea essenziale della lama di un coltello tipicamente utilizzato nelle cucine, mentre la fascia posteriore che sostiene lo schienale introduce un segno grafico deciso.

Designed by Architect & Friends for Potocco, the Eline dining armchair is distinguished by its wooden structure, which seamlessly defines the legs and armrests while embracing a generously proportioned seat with a fully upholstered backrest and cushion. The design is characterized by a refined attention to detail: the armrest recalls the essential line of a knife blade commonly found in the kitchen, while the rear band supporting the backrest introduces a bold graphic element.

Orlea.

By Chiara Andreatti

Tavolino Circolare. Circular Coffee Table.
Tavolino Ellittico. Elliptical Coffee Table.

Orlea è una collezione di coffee table in marmo disegnata da Chiara Andreatti, caratterizzata da una stabilità compositiva tra presenza scultorea e raffinatezza dei dettagli. La struttura è definita dalle gambe coniche leggermente bombate che conferiscono stabilità e sottigliezza formale, creando un segno distintivo e riconoscibile. Il piano realizzato in marmo è impreziosito da un bordo dentellato che introduce un sottile dettaglio decorativo.

Orlea is a collection of marble coffee tables designed by Chiara Andreatti, defined by a refined balance between sculptural presence and meticulous detailing. The structure features subtly rounded conical legs that lend both stability and a sense of formal lightness, creating a distinctive and recognizable signature. The marble top is enriched by a delicately notched edge, introducing a subtle decorative accent.

Kira.

By Chiara Andreatti

Tavolo Circolare. Circular Table.
Tavolo A Botte. Barrel Table.

Dalla visione progettuale di Chiara Andreatti nasce Kira, una collezione di tavoli dining definita da una presenza solida e da un linguaggio formale essenziale. Le gambe - realizzate in massello di frassino scolpito - sono segnate da delicati cambi di sezione che conferiscono al tavolo un carattere scultoreo, e raccordate da un elemento in ottone brunito, ad aggiungere stabilità e un segno decorativo all'oggetto. Il piano circolare o a botte è pensato per valorizzare la matericità dei materiali e la purezza delle proporzioni.

Born from the design vision of Chiara Andreatti, Kira is a dining table collection defined by its solid presence and essential formal language. The legs, crafted from sculpted solid ash, feature subtle shifts in section that lend the table a sculptural character, while a bronzed-brass connector enhances stability and introduces a refined decorative accent. The circular or barrel-shaped top is conceived to highlight the material richness and purity of its proportions.

Side by Side. By Potocco D&D

Tavolo Rettangolare. Rectangular Table.
Tavolo Circolare. Circular Table.
Tavolino Circolare. Circular Coffee Table.
Tavolino Ellittico. Elliptical Coffee Table.

La collezione Side by Side disegnata dal gruppo D&D di Potocco comprende tavoli e tavolini. La base, che riprende la forma di un parallelepipedo irregolare, è rivestita da listelli di vetro a tinta unita o multicolore. I listelli di vetro, disposti in geometrie variabili, catturano e rifrangono la luce, trasformando ogni elemento in un oggetto scultoreo e architettonico. I coffee table sono disponibili con piano circolare o ellittico mentre i tavoli da pranzo propongono piani rettangolari o circolari con proporzioni calibrate e leggerezza visiva.

Designed by Potocco's D&D group, the Side by Side collection includes tables and coffee tables. The base, echoing the form of an irregular parallelepiped, is covered with solid-color or multicolored glass slats. Arranged in varying geometries, the glass slats capture and refract light, transforming each piece into a sculptural and architectural object. The coffee tables are available with circular or elliptical tops, while the dining tables feature rectangular or circular tops, defined by calibrated proportions and visual lightness.

Jade.

By Hanne Willmann

Letto. Bed.

La collezione Jade di Hanne Willmann, definita da profili sinuosi, si amplia con un nuovo elemento, il letto, portando le sue forme organiche e avvolgenti dal living alla zona notte. Caratterizzato da una testata generosa dai dettagli arrotondati, Jade è completamente imbottito e sfoderabile. La sua presenza elegante e sofisticata traspone i canoni formali e distintivi della collezione a un nuovo contesto.

Hanne Willmann's Jade collection, defined by sinuous profiles, expands with a new element—the bed—bringing its organic, enveloping forms from the living area into the sleeping space. Featuring a generous headboard with softly rounded detailing, Jade is fully upholstered and completely removable. Its elegant and sophisticated presence seamlessly translates the collection's distinctive formal language into a new context.

Softy.

By Vladislav Tolochko

Sedia Dining. Dining Chair.
Sgabello Up & Down. Up & Down Stool.

La collezione Softy, disegnata da Vladislav Tolochko, si amplia grazie all'aggiunta di sedia e sgabello che confermano il linguaggio sinuoso e i volumi importanti del progetto. Nella sedia, i profili si fanno più slanciati ma mantengono la rotondità formale della lounge, mentre le gambe cilindriche seguono la silhouette della seduta e risalgono lungo lo schienale, creando un segno continuo e riconoscibile. Lo sgabello affianca alla morbidezza di seduta e schienale il rigore della base in metallo con meccanismo up&down.

The Softy collection, designed by Vladislav Tolochko, expands with the addition of a dining chair and a stool that reaffirm the project's sinuous language and generous volumes. In the chair, the profiles become more slender while retaining the formal roundness of the lounge version; the cylindrical legs follow the silhouette of the seat and rise along the backrest, creating a continuous and recognizable line. The stool combines the softness of the upholstered seat and backrest with the structural rigor of a metal base featuring an up-and-down mechanism.

Velis.

By Mario Ferrarini

Poltroncina Pozzetto. Tub Chair.

La famiglia di sedute Velis, firmata da Mario Ferrarini, si arricchisce con la poltroncina a pozzetto completamente imbottita, dallo schienale fino alle gambe, che ne accentua il valore tattile e sensoriale. La struttura interna sostiene lo schienale e la seduta, conferendo stabilità al progetto. Questa versione di Velis si distingue per l'equilibrio tra assetto formale e comfort, dove la qualità dei materiali e la cura dei dettagli si traducono in un'esperienza di seduta raffinata e misurata.

The Velis seating family, designed by Mario Ferrarini, grows with the addition of a fully upholstered tub chair, covered from the backrest to the legs to enhance its tactile and sensorial qualities. The internal structure supports both backrest and seat, ensuring stability and balance throughout the design. This version of Velis stands out for its equilibrium between formal clarity and comfort, where refined materials and meticulous detailing translate into a measured, sophisticated seating experience.

Stilla.

By Serena Confalonieri

Specchio Circolare. Circular Mirror.

Specchio Esagonale. Hexagonal Mirror.

Stilla è una collezione di specchi a parete progettata da Serena Confalonieri che – a partire dalla forma originaria ispirata ai pendenti in cristallo e al taglio a goccia delle pietre preziose – si amplia introducendo nuove varianti nelle geometrie circolare ed esagonale allungata. Il disegno di Stilla coniuga sensibilità decorativa e chiarezza compositiva: la cornice e l'elemento di fissaggio sono rivestiti in pelle, mentre i tubolari di raccordo in metallo, con finitura ottone brunito, scandiscono l'insieme con un segno preciso e misurato.

Stilla is a collection of wall mirrors designed by Serena Confalonieri that, starting from an original form inspired by crystal pendants and the teardrop cut of precious stones, expands with new variants in circular and elongated hexagonal geometries. The design of Stilla combines decorative sensibility with compositional clarity: the frame and mounting element are clad in leather, while the connecting metal tubes, finished in bronzed brass, articulate the composition with a precise and measured gesture.

By Chiara Andreatti

Poltrona Lounge. Lounge Armchair.

Firmata da Chiara Andreatti, la poltrona lounge da outdoor Tressa traduce la seduta da esterno in un gesto progettuale avvolgente. La struttura, i braccioli e lo schienale sono realizzati in legno massello di iroko, materiale scelto per la sua naturale resistenza agli agenti atmosferici e per la profondità materica che conferisce al disegno. Le proporzioni generose definiscono una presenza equilibrata nello spazio: braccioli e schienale tracciano un perimetro continuo che accoglie gli ampi cuscini di seduta e schienale, creando un dialogo tra architettura e imbottito.

Designed by Chiara Andreatti, the Tressa outdoor lounge chair reinterprets outdoor seating as an enveloping design gesture. The structure, armrests, and backrest are crafted from solid iroko, a material chosen for its natural resistance to the elements and for the depth and warmth it brings to the design. Generous proportions define a balanced presence within the space: the armrests and backrest trace a continuous perimeter that embraces the ample seat and back cushions, creating a dialogue between structure and upholstery, between architecture and softness.

Tavolino Circolare. Circular Coffee Table.
Tavolino Ellittico. Elliptical Coffee Table.

Side by Side è una collezione di tavoli e tavolini disegnata dal team D&D di Potocco. Il progetto si fonda su un basamento sfaccettato, rivestito da listelli in vetro che, attraverso variazioni cromatiche e compositive, generano superfici vibranti e cangianti alla luce. I coffee table sono disponibili con piano circolare o ellittico mentre i tavoli da pranzo propongono piani rettangolari o circolari con proporzioni calibrate e leggerezza visiva.

Side by Side is a collection of tables and coffee tables designed by Potocco's D&D team. The project is centered on a faceted base clad in glass slats that, through chromatic and compositional variations, create vibrant surfaces that shimmer and shift in the light. The coffee tables are available with circular or elliptical tops, while the dining tables feature rectangular or circular tops, defined by calibrated proportions and visual lightness.

Solar. By Mario Ferrarini

Sedia Dining. Dining Chair.
Poltroncina Dining. Dining Armchair.

La collezione Solar, disegnata da Mario Ferrarini, si amplia con una nuova versione di sedia e poltroncina, coniugando il proprio linguaggio in chiave essenziale. La sedia e la poltroncina si declinano in diverse configurazioni, giocando con l'alternanza tra teak e imbottiture per creare atmosfere sempre nuove. Entrambe le sedute condividono proporzioni pure, bilanciamento volumetrico e coerente dialogo materico: il teak, materia viva e sensibile al tempo, entra in relazione con luce e ambiente, mentre l'imbottitura introduce una dimensione raccolta e tattile.

The Solar collection, designed by Mario Ferrarini, expands with new chair and armchair versions, distilling its language into a more essential expression. Both pieces are offered in a variety of configurations, playing with the alternation of teak and upholstery to create ever-changing atmospheres. They share pure proportions, balanced volumes, and a coherent dialogue of materials: teak, a living material shaped by time, engages with light and its surroundings, while the upholstered elements introduce a tactile and intimate dimension.

Chaise Longue.
Sofa. 2 Posti. 2 Seater.
Sofa. Moduli. Modules.

La collezione Jade viene proposta per gli spazi outdoor con la variante del divano modulare, preservando l'identità sinuosa e organica della famiglia di sedute firmata da Hanne Willmann. Il divano componibile è studiato per resistere agli agenti atmosferici, assicurando relax e praticità all'aria aperta. A livello formale e compositivo, Jade trae ispirazione dalle pietre modellate dall'acqua nei letti dei fiumi, trasformando il divano in un invito a rallentare il ritmo e a gustare pienamente il momento presente.

The Jade collection is extended to outdoor spaces with a modular sofa, preserving the sinuous and organic identity of the seating family designed by Hanne Willmann. The modular system is engineered to withstand outdoor conditions, ensuring comfort and practicality in open-air settings. From a formal and compositional perspective, Jade draws inspiration from stones shaped by flowing water along riverbeds, transforming the sofa into an invitation to slow down and fully embrace the present moment.

Architect & Friends

Architect & Friends è uno studio di progettazione con base a Grado, in Italia, fondato nel 2008 dall'architetto Michael Atzenhofer e dall'interior designer Johanna Atzenhofer. Dopo essersi conosciuti a Vienna, nel 2004 i due fondatori si trasferiscono in Italia, dove approfondiscono il loro interesse per l'artigianato locale, la cultura dei materiali e il legame tra progetto e contesto. Nel solco di questa sensibilità per la cura dei dettagli e per un design radicato nei luoghi, quest'anno prende avvio la collaborazione con Potocco, nata in modo naturale da uno speciale progetto custom sviluppato insieme e che ha subito rivelato una forte affinità nella visione creativa e nella ricerca di soluzioni su misura.

Architect & Friends is a design studio based in Grado, Italy, founded in 2008 by architect Michael Atzenhofer and interior designer Johanna Atzenhofer. After meeting in Vienna, the two founders moved to Italy in 2004, where they deepened their interest in local craftsmanship, material culture, and the relationship between design and context. Rooted in this sensitivity to detail and to a design approach closely connected to place, their collaboration with Potocco began this year. It developed naturally from a special custom project created together, immediately revealing a strong affinity in creative vision and a shared pursuit of tailor-made solutions.

Chiara Andreatti

Chiara Andreatti è una designer italiana, formatasi a Milano presso l'Istituto Europeo di Design e la Domus Academy. Dopo diverse collaborazioni con studi di design e architettura, avvia la propria attività come designer indipendente. Dal 2018 collabora con Potocco, firmando numerose collezioni indoor e outdoor. La sua ricerca progettuale affonda le radici nelle origini veneziane, esplorando la cultura artigianale locale e fondendola con una visione poetica, elegante e calda.

Chiara Andreatti is an Italian designer, educated in Milan at the Istituto Europeo di Design and Domus Academy. After collaborating with several design and architecture studios, she established her own practice as an independent designer. Since 2018, she has been working with Potocco, designing numerous indoor and outdoor collections. Her design research is deeply rooted in her Venetian origins, exploring local artisanal culture and blending it with a poetic, elegant, and warm vision.

Favaretto&Partners

Francesco Favaretto è un designer italiano laureato in Disegno Industriale allo IUAV di Venezia. Fin dagli studi si confronta con diversi ambiti del progetto, dal product e interior design alla corporate identity e al fashion design. La sua storia professionale è profondamente legata a quella dello studio Favaretto&Partners, fondato negli anni '70 dal padre Paolo Favaretto, con il quale prende avvio anche la collaborazione con Potocco. Dal 2009 Francesco collabora stabilmente nello studio, di cui è oggi Direttore Creativo, e negli ultimi anni ha ripreso e proseguito questo dialogo con Potocco, rinnovando la collaborazione di lunga data e portandola verso nuove interpretazioni contemporanee.

Francesco Favaretto is an Italian designer who graduated in Industrial Design from IUAV University of Venice. Since his studies, he has explored different design fields, ranging from product and interior design to corporate identity and fashion design. His professional path is closely linked to Favaretto&Partners, the studio founded in the 1970s by his father Paolo Favaretto, which also marks the beginning of the collaboration with Potocco. Since 2009, Francesco has been a permanent member of the studio, where he now serves as Creative Director. In recent years, he has renewed and continued this long-standing dialogue with Potocco, reinterpreting the collaboration through new contemporary perspectives.

Hanne Willmann

Hanne Willmann è una designer tedesca, fondatrice dello Studio Hanne Willmann con sede a Berlino. Dopo un'esperienza in due studi internazionali, nel 2015 avvia la propria attività. Il suo lavoro si concentra su industrial e product design e consulenza creativa, con una particolare attenzione alla qualità dei materiali, alla precisione del dettaglio e all'equilibrio tra funzione ed estetica. È proprio questa visione, che unisce comfort ed eleganza, ad aver dato origine già da alcuni anni alla collaborazione con Potocco, una partnership costruita sulla condivisione di un approccio al design capace di creare arredi accoglienti, raffinati e pensati per l'uso quotidiano.

Hanne Willmann is a German designer and founder of Studio Hanne Willmann, based in Berlin. After gaining experience at two international design studios, she established her own practice in 2015. Her work focuses on industrial and product design as well as creative consultancy, with particular attention to material quality, precision in detailing, and the balance between function and aesthetics. It is precisely this vision—combining comfort and elegance—that gave rise, several years ago, to her collaboration with Potocco: a partnership built on a shared design approach aimed at creating welcoming, refined furniture conceived for everyday use.

Mario Ferrarini

Mario Ferrarini è un designer italiano formatosi a Milano, dove si laurea in Industrial Design al Politecnico. Dal 2004 avvia collaborazioni con importanti studi di design e architettura, occupandosi di sviluppo prodotto e interior design. Nel 2007 fonda il proprio studio, prima a Como e successivamente a Lugano, in Svizzera, sviluppando soluzioni che coniugano ricerca formale, attenzione ai materiali e innovazione progettuale. Da oltre dieci anni collabora con Potocco, un percorso condiviso che ha dato vita a collezioni capaci di esprimere la sua visione progettuale e che, nel tempo, sono diventate veri e propri best seller della nostra produzione.

Mario Ferrarini is an Italian designer educated in Milan, where he graduated in Industrial Design from the Politecnico di Milano. Since 2004, he has collaborated with leading design and architecture studios, working in product development and interior design. In 2007, he founded his own studio, first in Como and later in Lugano, Switzerland, developing solutions that combine formal research, careful attention to materials, and design innovation. For over ten years, he has been collaborating with Potocco, a shared journey that has resulted in collections capable of expressing his design vision and that, over time, have become true best sellers of our production.

Potocco D&D

Il gruppo Design & Development è il cuore creativo dell'azienda: un team interdisciplinare guidato da Alice Potocco che unisce visione estetica e competenze tecniche per trasformare idee in prodotti concreti. Lavora tra forma, funzione e innovazione, seguendo ogni fase del progetto. Attraverso ricerca sui materiali, sperimentazione e collaborazione con tutti i reparti aziendali, il team garantisce coerenza, qualità e fattibilità. È il motore che traduce insight e opportunità in soluzioni di design capaci di rafforzare l'identità del brand e migliorare l'esperienza dell'utente.

The Design & Development team is the creative core of the company: an interdisciplinary group led by Alice Potocco that combines aesthetic vision with technical expertise to transform ideas into tangible products. Working across form, function, and innovation, the team oversees every stage of the design process. Through material research, experimentation, and close collaboration with all company departments, it ensures coherence, quality, and feasibility. It is the driving force that translates insights and opportunities into design solutions capable of strengthening brand identity and enhancing the user experience.

Serena Confalonieri

Serena Confalonieri è una designer italiana indipendente e art director che vive e lavora a Milano. È specializzata in product, graphic e textile design. I suoi lavori si collocano spesso a metà strada tra prodotto e grafica, con una particolare attenzione alla ricerca sui materiali e ai linguaggi visivi. La collaborazione con Potocco, attiva da alcuni anni, nasce proprio da questa sua capacità di coniugare segno e materia ed è stata lei la prima designer a introdurre nel nostro catalogo una collezione di specchi, aprendo nuove prospettive espressive all'interno dell'azienda.

Serena Confalonieri is an independent Italian designer and art director who lives and works in Milan. She specializes in product, graphic, and textile design. Her work often sits at the intersection of product and graphics, with a strong focus on material research and visual language. Her collaboration with Potocco, ongoing for several years, stems precisely from this ability to combine sign and matter. She was the first designer to introduce a mirror collection into our catalogue, opening up new expressive perspectives within the company.

Studio Omi Tahara

Studio Omi Tahara è uno studio di design e consulenza con sede a Milano, fondato nel 2011 dal designer giapponese Omi Tahara. Dopo la laurea in ingegneria civile in Giappone, Omi Tahara sviluppa un forte interesse per il design contemporaneo che nel 2003 lo porta a trasferirsi a Milano, dove collabora con diversi designer, approfondendo la cultura del design italiano. Il suo lavoro si distingue per un linguaggio essenziale e per una particolare attenzione al dettaglio e alla qualità dei materiali, un approccio che dal 2025 condividiamo attraverso la collaborazione con Potocco, nata in continuità con questa sensibilità per forme pure e materiali ricercati.

Studio Omi Tahara is a design and consultancy studio based in Milan, founded in 2011 by Japanese designer Omi Tahara. After graduating in Civil Engineering in Japan, Omi Tahara developed a strong interest in contemporary design, which led him to move to Milan in 2003. There, he collaborated with various designers, deepening his understanding of Italian design culture. His work is distinguished by an essential design language and a strong focus on detail and material quality—an approach that, since 2025, has been shared through the collaboration with Potocco, born from a common sensitivity to pure forms and refined materials.

Vladislav Tolochko

Vladislav Tolochko è un designer e architetto che ha fondato il proprio studio nel 2020. Il suo lavoro si concentra sull'equilibrio tra forma, proporzione e percezione, con un'attenzione particolare alla relazione tra oggetti e ambiente. Focalizzato sul design di interni, sul product design, sui progetti di architettura e sulla direzione artistica, i suoi progetti mirano a influenzare positivamente il modo in cui le persone vivono e percepiscono lo spazio che le circonda. Nel 2025 prende avvio la collaborazione con Potocco, nata in continuità con questa sua ricerca sull'armonia tra oggetto e spazio.

Vladislav Tolochko is a designer and architect who founded his own studio in 2020. His work focuses on the balance between form, proportion, and perception, with particular attention to the relationship between objects and their surrounding environment. Centered on interior design, product design, architectural projects, and art direction, his practice aims to positively influence the way people live in and perceive the spaces around them. In 2025, his collaboration with Potocco began, naturally aligned with his ongoing research into the harmony between object and space.

About this Catalogue-Object

Concepito come un oggetto editoriale, questo volume incarna l'eredità di Potocco, la sua maestria artigianale e una visione proiettata al futuro. Le sue 292 pagine sono organizzate in fascicoli da 12 e 8 pagine, cuciti a mano con filo nero, a rivelare e celebrare la propria costruzione. Gli interni combinano Fedrigoni Freelife Vellum White 100 g, stampata in quadricromia fronte-retro, con Polyedra Satin Plus Translucent 100 g, serigrafata in un colore. La tipografia affianca le famiglie Garamond Premier Pro e Moderat, in equilibrio tra sensibilità classica e contemporanea. La copertina e le alette, in Fedrigoni Freelife Vellum White 260 g, rivestite con tessuto Renkalik nella tonalità Savanna e rifinite con stampa a caldo bianca, rafforzano i valori di profondità materica e lusso discrete di Potocco.

Conceived as a crafted editorial object, this volume embodies Potocco's heritage, craftsmanship, and forward-looking vision. Its 292 pages are organized into 12- and 8-page booklets, hand-stitched with black binding thread to reveal and celebrate its construction. The interiors combine Fedrigoni Freelife Vellum White 100 g, four-color printed on both sides, with Polyedra Satin Plus Translucent 100 g, silkscreened in one color. Typography pairs Garamond Premier Pro with Moderat Families, balancing classical and contemporary sensitivities. The cover and flaps, in Fedrigoni Freelife Vellum White 260 g, treated with Renkalik fabric in Savanna tone and finished with white hot-foil stamping, reinforce Potocco's values of material depth and understated luxury.
